

HD710A PRO EXTERNAL HARD DRIVE

ELEGANT PROTECTION LIKE NO OTHER, YOUR MAC COMPANION

HD710A Pro External Hard Drive

Every dream needs to be tended to and protected from damage! The HD710A Pro External Hard Drive has an elegant appearance identical to Apple's. Its waterproof and dustproof specification surpasses the IP68 rating. The portable device with military-grade shock resistance system works well for those that are constantly on the go.

The Highest Specifications Created Exclusively for Mac

Having trouble finding the proper external storage device compatible with Mac? The HD710A Pro is preformatted in HFS+ (file system) offering the best compatibility with Macs.

Surpassing IP68 – A Comprehensive, Armored Solution

HD710A Pro designed to work on Mac. Its specification surpasses the IP68 waterproof and dust-proof rating as well as providing complete shielding from dust. It is completely submersible in up to 2m for a duration of 60 minutes!

Military-Grade Shock Resistance

The HD710A Pro has passed the military drop test standard consisting of dropping it on a total of 26 points over its surface, including the faces, edges and corners. Even after being dropped from a height of 1.5 meters.

Shock Sensing Technology

If a giant vibration occurs while the drives is transferring files, the shock sensor will activate, the red light will blink as an alert, and the anti-shock system will protect and effectively reduce the damage to the hard drive.

Features

- Military-grade plus for drops from 1.5m
- Beyond IPX8 (2m for 60 minutes in water)
- IP6X total dust-tight protection
- Waterproof Covering
- Shock vibration sensor technology
- Neat cable management

Specifications
