

Micro USB/USB-C 2.0 Cable

TWO IS BETTER THAN ONE

Micro USB/USB-C 2.0 Cable

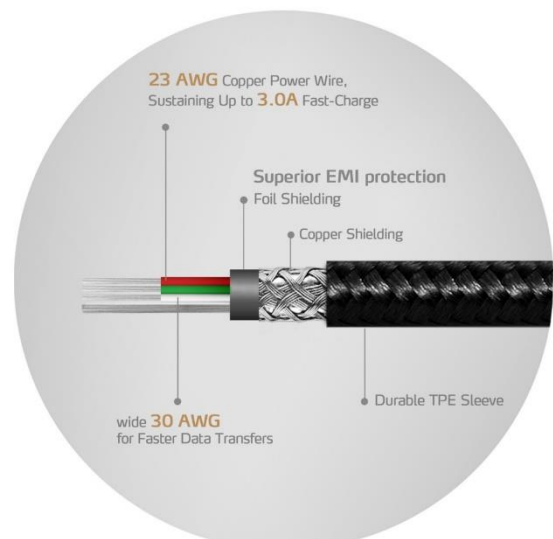

Streamline your mobile life with the ADATA 2-in-1 Micro USB/USB-C 2.0 Sync & Charge cable. Featuring interchangeable USB-C 2.0 and Micro USB connectors, a sturdy construction, and high-quality materials, this cable gives you convenience, durability and great performance.

Two Connector Types = Convenience

Simplify your life with a cable that has both Micro USB and USB-C connectors. No more fumbling around with two cables when on the go to charge and sync multiple Android devices.

A Durable Performer

Combined with its multi-layered construction and wide 23AWG tinned copper wires with antioxidative properties, the cable provides effective charging, robust durability, and prevents electromagnetic interference.
