

USB-C to USB-C 3.2 Cable

GET UP TO SPEED WITH USB-C

USB-C to USB-C 3.2 Cable

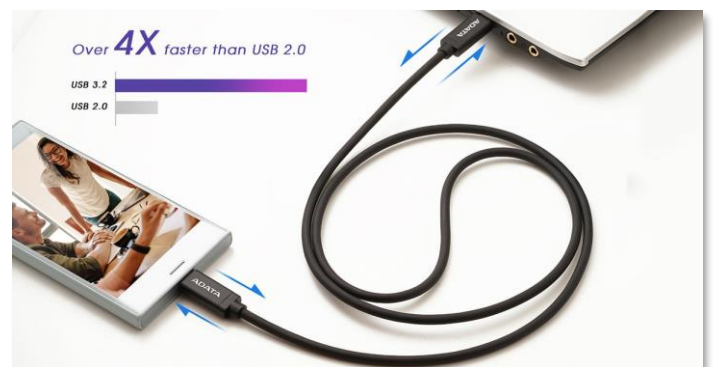

The ADATA USB-C to USB-C 3.2 Sync | Charge cable lets you enjoy the full benefits of USB-C. This cable has an embedded chip that boosts transmission power up to 60W and supports USB 3.2 Gen 1 speeds for fast charging and ample bandwidth for high-definition video.

Reversible USB-C Connector

No more with USB-C because it is completely reversible. Many of the latest laptops, tablets, smartphones, power banks, and many other devices already feature USB-C.

Next Level Performance

The ADATA USB-C to USB-C 3.2 Sync | Charge cable supports much bigger bandwidth than standard USB. Transferring large files between devices will be a lot more bearable because everything will move at up to 5Gbp/s.

This cable is tested to a minimum of 10,000 insert/remove cycles for a prolonged service lifespan. The outer layer uses highly elastic PVC that can withstand deformation and damage due to twisting, bending, or pulling.

Ordering Information

Model	Model Number	EAN Code
USB-C Cable	■ ACC3G1AL-100CM-CBK	4713218465191

Features

- Charge and Sync data on USB-C devices
- Reversible USB-C connector
- Transmit up to 5 amps of electric current, delivering up to 60 watts.
- Premium Aluminum casing to minimize electromagnetic interference.
- Up to 10,000-cycle durability with connectors

Specifications

- Interface: USB-C
- Color: Black
- Length: 100cm
- Texture: Aluminum-Casing, Plastic Cable
- Performance: 5Gbps
- Warranty: 1 year
