TOUGH CAPACITY FOR GAMING CHALLENGES

SD700X External Enclosure

The XPG SD700X is the first gaming-styled IP68 external SSD designed to expand console storage. It's completely dust-tight and highly waterproof, delivering up to 1TB in plug n play for Xbox One and PS4. The SD700X reaches 440MB/s read and write – over 4X faster than internal Xbox One/PS4 HDDs.

Big capacity mobilizes your library

Available in 256GB, 512GB, and 1TB, the SD700X SSD frees you from the horrible need to choose which title to keep and which to delete.

Don't wait – load games faster

We all know the frustration of sitting around waiting for games to load. SSD speeds accelerate load times by an average 20% compared to internal console drives – that's a big difference!

Game Loading

Loading ...Please Wait — 80 — HDD

20% Faster — 100 — SSD

IP68 certified and military-spec shockproof

It's IEC IP68 certified, surviving an hour of immersion in 1.5m deep water. Total dust-tight protection and MIL-STD-810G 516.6 drop/shock resistance.

All-new 3D NAND helps advance gaming

The SD700X uses 3D TLC NAND Flash – more reliable and efficient than older 2D NAND and allows for bigger capacities without huge increases in cost to you.

Features

- Gaming exterior design
- Read/write speed up to 440MB/s
- DRAM cache and SLC caching
- Tough IP68 dust/water proof
- Military-grade shockproof
- Supports Windows, Mac OS, Android
- Lighter, quieter, more shock resistant, and more durable than external HDDs
- Portable slim and gaming design

Specifications

- Color: Red
- Capacity: 256GB/512GB/1TB
- Dimensions (L x W x H): 83.5 x 83.5 x 13.9mm
- Weight: 100g/3.5oz
- R/W Performance: Up to 440MB/s
- Materials: Rubber/Metallic
- Interface: USB 3.1, backward compatible with USB 2.0
- Operating system:
  Windows XP/Vista/7/8/8.1/10
  Mac OS X 10.6 or later
  Linux Kernel 2.6 or later
- Warranty: 3 years
