ADATA HD710 Waterproof / Dustproof / Shock-Resistant USB 3.0 External Hard Drive

The HD710 external hard drive has arrived, providing mobile, rapid, and dependable data access in a rugged and sporty package. The housing is comprised of a unique silicone material, and the drive incorporates military-grade shock resistant and waterproof / dustproof (IP68) construction with an ultra-fast USB 3.0 interface. Its lively outlook and dynamic design match the requirements and style of sports and outdoor enthusiasts, with color options including blue, yellow, and black.

IP68 Water and Dust Resistant

The HD710 has passed the stringent IP68 test (*the toughest level), offering excellent water and dust resistant protection – even it's in the dusty environment or after being submerged in its storage state in 1.5 meter-deep water for up to 60 minutes!

Military Grade Shock Resistance

ADATA's HD710's triple-layer construction with elastic silicone material provides great shock absorption and it passes the MIL-STD-810G 516.6 military-grade shock-resistant test to ensure your data's safety!

Wrap-around USB Cable

The SuperSpeed USB 3.0 cable tucks into a wrap-around groove in the drive casing, providing an elegant storage solution that matches the highly practical characteristics of the device. The HD710 provides the best in portable data protection!

Blue LED Indicator

The HD710 2.5" external hard drive features a bright cold-blue LED indicator that shines through the enclosure to indicate power and data transfer status.

Features

- Ruggedized & Sporty Design
- Passes the strictest IP68 test for excellent waterproof and dustproof protection
- Passes MIL-STD-810G military-grade shock-resistant test
- Triple-layer construction with elastic silicone material for great shock absorption
- Huge storage capacities: 500GB / 1TB / 2TB
- Wrap-around USB cable design for a perfect storage solution
