

XPG BATTLEGROUND L GAMING MOUSE PAD

XPG BATTLEGROUND L is a large-dimension gaming mouse pad available in two designs: classic XPG :Exoskeleton totem edition, and XPG Mera edition. Both use the same exquisite microfiber material for a smoother gliding gaming surface, reduces formation of bubbles over time and are refined by quality elegant stitched binding. The large-dimension 420x335mm is ideal for all games, including the needs for high precision, low-dpi settings like most FPS players.
