XPG Gaming microSD Card

# INSTANT GAME-IFICATION

## XPG Gaming microSD Card

XPG microSDXC UHS-I cards with up to 512GB of capacity are made for those who live and breathe portable gaming. Sporting read speeds of up to 100MB/s and write speeds of up to 85MB/s, these Application Performance Class 2 (A2) cards provide instant gratification with fast access to your games.

### Download and Store More

Take your pick from 128GB, 256GB, or 512GB cards. Regardless of which one you pick, you'll have expanded storage space for more downloadable content (DLC), downloadable games, and more.

### Faster Transfer Speeds

With read speeds of up to 100MB/s and write speeds of up to 85MB/s, download, install and start up games quickly.

## A2 Performance – For Faster, Smoother Apps

These Application Performance Class 2 (A2) cards don't just speed up the gaming side of things, but also run Android apps faster. Android 6.0/7.0 users can use them as adoptable storage for additional internal storage needs and enjoy a more seamless app experience.

## Great For All Types of Portable Gaming Devices

In addition to portable gaming devices like the Nintendo Switch™, XPG microSDXC UHS-I cards also help speed things up on smartphones, tablets, and VR devices.
